## THREE BEDROOMS • THREE BATHS 1,851 SQUARE FEET

The 1,851 square foot Garnet is an impressive home that offers both space and comfort in an efficient two-story plan. The first floor is open throughout with the living room leading to the dining and then to the kitchen. Two patios provide an array of dining and entertainment choices. For those wanting a bedroom and bath on the first floor the Garnet plan is ideal. Upstairs, the airy primary bedroom suite features a walk-in fiberglass shower and dual sink vanity. The guest bedroom has its own en-suite bathroom. The bonus area is the ideal space for relaxation and fun.
