THE FLATHEAD PLAN

The 2,039 square foot Flathead is an impressive home that offers both space and comfort in an efficient two-story plan. The foyer opens to a 4th bedroom or optional office. From here the hall leads into an open entertaining area, the kitchen with ample counter space and island, the dining room with a door to the patio and an expansive living room. A full bath with shower/tub and large storage space under the staircase complete this first floor. Upstairs is home to the luxurious primary bedroom suite, which features a sizable walk-in closet, dual sink vanity and fiberglass walk-in shower. Two additional bedrooms and a full bath on the second floor are separated nicely from the primary bedroom by a well sized bonus area.
