THE SNOWCREST PLAN

The 2,179 square foot Snowcrest offers both contemporary looks and a comfortable feel in a smart two-story plan. The foyer opens to a flexible space, which could double as a bedroom, workout room or home office. From here the hallway leads into an open entertaining area, the kitchen, dining room and expansive living room. The plan has a spacious kitchen with solid-surface countertops, an island and generous cabinet storage. The sliding glass door in the dining room provides easy access to a covered exterior patio. A full bath with shower/tub and large storage space under the staircase complete the first floor. Upstairs is home to the luxurious primary bedroom suite, which features a sizable walk-in closet, dual sink vanity and fiberglass walk-in shower. Two additional bedrooms, one full bath, a bonus area, and separate laundry space are also located on the upper floor.
