THE ELKHORN PLAN

The 1,518 square foot Elkhorn lives beyond its mid-sized floor plan and features a contemporary architectural design. The front door opens to a spacious foyer with a nearby bedroom that could easily serve as a home office. The open kitchen includes ample countertop space, a pantry, and a generously sized island with cabinet storage and overflow countertop for additional seating. The living and dining room areas feature vaulted ceilings and offer access to two exterior patio spaces. The spacious and private primary bedroom suite includes a dual vanity bathroom with a fiberglass stand up shower and an oversized walk-in closet. A third bedroom and separate laundry room just off the garage round out this well-planned home.
